

# Taps Home Learning Update

Parents and Caregivers,

Just a little update.

As you are aware lockdown; COVID restrictions have been extended by at least **2 weeks** so learning from home will continue until **30<sup>th</sup> July, 2021** (at this time).

As previously stated, students are to remain at home and learn from home as there will be limited supervision at school. ***Parents are still not allowed on site.***

A few things to remember:

- 1) First and foremost, look after you and your family. Take care and stay safe.
- 2) Home learning should not take the whole day – please refer to the suggested times outlined by department in previous posts.
- 3) If students do not complete ***all learning*** on the day, that is okay – allow them (and you) to have breaks, exercise, enjoy fresh air and have family time.
- 4) Remember you are not there to teach. The packs have been designed to consolidate what has been taught this year.
- 5) Studying plant life, looking at the shapes that clouds make, seeing how many times you can run around your backyard, are all learning experiences.
- 6) The packs that you have at the moment will last till the end of ***next week (23<sup>rd</sup> July)***
- 7) New learning packs will be available **Monday 26<sup>th</sup> July** on the School Website, Facebook and Seesaw. For those families that require paper copies, these will be available on Monday 26<sup>th</sup> July, from the ***front of the school*** (concrete area near the electronic sign) ***from 9-12pm***. Please remember to sign in using the QR code and social distance.

A massive ***thank you to all our families***, you are doing a great job and your support in these uncertain and stressful times is greatly appreciated.

Mrs Harris  
Relieving Principal
