Heartbeat

Dear Parent/Carer,

Heartbeat is a series of events and activities for Stage 2 and Stage 3 Indigenous students conducted by Western Sydney University.

Heartbeat on-campus days always include educational and fun interactive workshops to help raise awareness of health issues, inspire some to aspire to careers in science, medicine and health-related fields, and present University as a place for future learning. Students are invited back each year for different events that build upon the knowledge and experience gained previously.

Later in the year, your child should have the opportunity to attend this cost-free day. Further details regarding dates and locations will be provided when they are available.

In the meantime, parents/carers are asked to please complete an ONLINE APPLICATION for their child/children in readiness to participate in the on-campus experience days to be held in Term 3 (Stage 3) and Term 4 (Stage 2).

You can complete the application by using the QR code provided here:

Or by visiting this link:

We ask that you complete this online application at your earliest convenience.

For more information about the Heartbeat program, visit the [Heartbeat Program page](#) and/or the [Heartbeat Online Hub](#).

If you have any questions or issues with the online application, please do not hesitate to contact Ms Kinchela via the school office.
