Dear Parent/Carers,

Feb 12, 2024

Thomas Reddall High School has organised the first of its annual **High School Taster Days**. This event is part of the TAPS high school transition program. It provides an immersive experience for all Stage 3 students to become familiar with the high school environment, regardless of what high school they will be attending in the future.

The purpose of the day is to familiarise students with daily life at high school, establish expectations for attending high school, and to expose students to the different setting that high school offers over primary school.

It is expected that ALL Year 6 students will attend the High School Taster Day on Friday 8 March, 2024 (Week 6), regardless of what high school they will be enrolling in, as it is an official school business day.

Please note: Students normally walk to and from TAPS to Thomas Reddall High School for this event, but this year we have managed to secure funding to cover transport costs (bus). This is an exception to the normal mode of transport, and we do not expect bus transport to be provided for future events of this nature. *If the buses are unexpectedly unavailable on the day, students will be walking to and from the high school.*
