YMCA Ambarvale OSHC

We believe in the power of inspired young people

Every day we offer plenty of craft, outdoor activities, games, sports and more. In addition there are specialised extracurricular programs that children are welcome to also participate in as outlined below.

Recycled Arts & Crafts

Do you have an artist on your hands? Or even one in the making? We put our masterminds together to make some marvellous creations out of recycled materials. If DIY craft projects are more your style come along and create something out of this world—your imagination is the only limit!

Knitting Classes

Let's learn how to knit together! Learn new techniques and take home great creations to wow your family and friends with!

Active Kids—Mind and Body

Better get here fast before the fun starts! Children participate in many exciting group games including; capture the flag, red rover, jump rope. The games don't stop there with relay races and sports such as; Soccer, Tennis and Netball. To get our minds active we play stimulating games such as naughts and crosses and hang man. A great program to build both social and motor skills. Bring your own amazing game ideas as we'd love to hear them!

Y Chef

The children will build confidence in their cooking skills, learn about science and maths and develop healthy eating habits with a variety of cultural foods and yummy treats to make. Come along and cook up a storm.

Table Tennis

Did you know table tennis works parts of the brain that are responsible for movement, fine motor skills and strategy?

Join us on o develop these skills and many more!

Play with our service pet

Ambarvale offers a pet rabbit that the children love! Our very own Honey—children's choice of name of course! Of an afternoon Honey gets to stretch her big feet and go for a run and cuddle with the kids. As a special reward children take turns to feed Honey a carrot—only when she is on his best behavior!

Optional Homework Space

We accommodate a designated homework area where children needing to complete homework can have a quite space and can seek help with their homework from educators and peers if required.

My Time Our Place

We provide down time after school for children to do what makes them happy - read a book, use their creative skills, spend time with friends, enjoy construction with lego, mobilo and zoobs!

**Program days may vary based on the children's interests*

Follow us on facebook to see what exciting activities the children get up to here at YMCA OSHC!
