

Hi TAPS community!

My name is Brooke Flanagan, some of you may know me already as I also live in Ambarvale. I am the owner of Brooke's Canteen and I am so thrilled to announce that I will temporarily be providing your beautiful school with a lunch and recess online ordering service. All students and staff are welcome to place lunch and recess orders daily from Monday the 11th of May. Each student will receive their order in a large paper bag with their name, class and order written on the bags. All orders will be cooked from my St Helens Park P.S canteen so lunches will be delivered nice and warm to your school just in time for the kiddies.

I provide high quality and nutritional food for my students. 76% of my menu is cooked from scratch in my canteens. The other 24% of my menu is outsourced and all above 3.5 health star ratings, fully compliant with the NSW Health strategy. I will be offering my full menu to you guys just like my other schools. I believe fresh is best and I truly want the best for our kids

To place an order please download the My School Connect app and create an account. This procedure is very similar to your current provider Flexischools. My School Connect is a reliable online ordering provider that has a service fee of 33c per order. Brooke's Canteen does not receive this servicing fee, My School Connect does. Cut off time for online ordering is 8am so for example if you wish to order lunch for this Monday then you will need to place the order by 8am Monday morning. Orders can be placed the night before also.

If you have any questions please don't hesitate to call me anytime on 0449 543 855. Feel free to follow my Brooke's Canteen Facebook page also as I will frequently post photos of the lunches your child receives.

Brooke xxxx
